BTEC Professional Diploma in Rehabilitation Studies (Visual Impairment) – level 5

Course fees 'Easy Payment Option'

Provision Solutions receives no government funding for its educational programmes.

We realise that charities are funded in several ways and may be better served by spreading course fees over the academic year. As such, we have introduced our 'Easy Payment Option' that enables the financial investment in staff education to be managed more effectively.

2 equal payments (No interest)

- A pre-course payment of £1800 +VAT@ 20%
- Prior to Unit 3 – 2nd payment of £1800.00 +VAT@ 20%

*Please note that students will not receive materials nor be able to access the course website if payments are not received.

**For organisations placing a number of students on one course or for those receiving our 'custom courses', payment options will be discussed prior to commencement.

Please refer to the Terms and Conditions on your application form regarding cancellation or withdrawal from any course.
